HVAC TRAINING IN ATLANTA

ASHRAE is offering its popular Level I and Level II HVAC Design training on October 5–9, 2015 in Atlanta. Reserve your seat today to attend both courses to gain real-world knowledge, you can put to

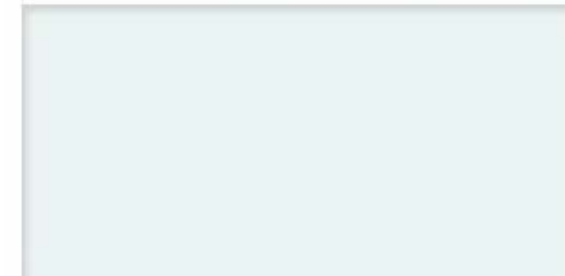

immediate use. HVAC Design: Level I – Essentials provides the fundamental and technical aspects of HVAC design in commercial buildings. HVAC Design: Level II – Applications provides advanced instruction on HVAC system designs. Accelerate your transformation into a more effective member of your design, construction or facilities maintenance team, whether you are new to the field or an

REGISTER FOR ORLANDO

Registration for the 2016 Orlando conference is now open. The 2016 ASHRAE Winter Conference and AHR Expo will draw industry professionals from around the world to advance personally and professionally.

The Conference will have a fresh feel with new tracks focused on design-build practices and residential systems as well as programs that align well with current trends in HVAC&R engineering. Energy efficiency and sustainability are emphasized along with current engineering and construction practices. Come experience Florida's attractions and ASHRAE's advances in technology.

WHY JOIN ASHRAE

ASHRAE Membership

ASHRAE membership is open to any person associated with heating, ventilation, air conditioning or refrigeration. ASHRAE is unique because its membership is drawn from a wide range of disciplines relating to the HVAC&R field. Approximately 51,000 individuals from more than 100 nations belong to the Society.

Discounts on Publications

ASHRAE members earn 15% off publications. Hundreds of titles are available including the complete collection of ASHRAE Standards including 90.1, 62.1 and 189.1.

2

[Join ASHRAE](#)

Develop Leadership Skills

When you join ASHRAE, you are making an investment in yourself. When you become active in the Society by giving your time and sharing your knowledge, you get even more out of that investment.

Network with Industry Professionals

Each month, all over the world, ASHRAE chapters convene for an informational program featuring a speaker or topic that is key to professionals in the industry. Meet with your peers and share ideas.

ASHRAE Membership Join | [Member Grades](#)

Click on the appropriate grade for your level of experience to complete the application. ASHRAE Society Dues include U.S. \$6 for ASHRAE Journal. This amount is not deductible from Dues.

If you are applying for membership as part of the Developing Economies program, please chose either Member Grade, Associate Grade, or Student Grade. During the application process you will be given the option to choose 'DC' (Developing Country) as your membership package if you are eligible. Members that reside in countries designated by the World Bank as "Lower Income" and "Lower Middle Income" qualify. The membership fee for qualified applicants participating in this program is \$90 USD for Member and Associate Grades, and \$10 for Student Grade. To find out if you are eligible please visit the [Developing Economies program page](#).

By submitting an application for membership you are agreeing to abide by the [ASHRAE code of ethics](#).

7

JOIN MEMBER GRADE NOW

Member Grade is open to anyone who has a combination of education, professional licensure and work experience equivalent to twelve years in the HVAC industry. You will be asked to provide information regarding your education, work, and professional licensure when applying for Member Grade.

Dues: Society dues for Member Grade are \$199 annually. Your membership dues pay for one full year of Society membership. If you would like to include Chapter dues in your payment, you will have the option to do so. Alternatively, you can contact your chapter officers to pay chapter dues anytime. Chapter dues are optional.

Qualifications: The information you provide must equate to 12 years of Society-approved experience, gained through one or more of the following:
